

## Western Star Dealer Announces Sale of Six 4900 FA Heavy-Duty Trucks to Wellco Energy Services Calgary Ltd.

Apr 05, 2004

CALGARY, ALBERTA...Western Star Trucks has announced the sale of six Western Star 4900 FA trucks to Wellco Energy Services Trust, Inc. The vehicles were sold through the Western Star Calgary Ltd. dealership.

“We are pleased to include Wellco Energy Service in the Western Star family of customers,” said John Merrifield, Senior Vice President of Sales & Marketing for Western Star Trucks. “With the support of Western Star Calgary, Ltd., we look forward to continuing the relationship for many years to come.”

Wellco Energy Services is a growing company, located in Calgary, Alberta, dedicated to providing professional services to clients drilling for oil and natural gas in Western Canada. Three of the trucks purchased will serve as vacuum units for the disposal of drilling waste water and the remaining three vehicles will support Wellco’s environmental division as water trucks. In response to Wellco’s specific needs, Western Star and their Calgary dealership have worked together to efficiently customize dependable vehicles, helping Wellco effectively serve their customers.

Western Star Calgary, Ltd., a 10-year-old dealership, is a fully operational sales and service dealer and is one of four Western Star sales locations in Alberta.

[Western Star Trucks Inc.](#) is a subsidiary of [Freightliner LLC](#), the leading North American producer of heavy-duty trucks. Headquartered in Willoughby, Ohio, Western Star produces heavy-duty custom trucks for long-haul and vocational applications. Freightliner LLC is a company of [DaimlerChrysler](#), the world's leading commercial vehicle manufacturer.
